

# REAL ELDERFLOWER

Elderflower soda made from actual flowers – with some lemon, sugar and water – just like your grandmother would have made it!

As always, we don't use aromas, preservatives or artificial ingredients in the making of TÖRST. When creating a recipe for the much sought after REAL ELDERFLOWER we therefore went back to basics. Organic elderflowers steeped in water, then mixed with lemon and sugar and finally carbonated – could it be that simple?

As in most cases, choosing the path of highest quality ingredients with low processing payed off. We have captured the essence of your childhood summers in our REAL ELDERFLOWER – the unique blossom aromas of early summer evenings balanced with finest cane sugar and the freshness of Sicilian lemons. Just like homemade – quality through simplicity.

Serve TÖRST REAL ELDERFLOWER with plenty of ice on a sunny day. Standing proudly by itself, it can also be enjoyed mixed into a summer cocktail.
